	AP Japanese Language & Culture	JPN XXXX (3 credits awarded)	JPN XXXX (6 credits awarded)	JPN XXXX (6 credits awarded)	General Elective (24 credits required)
	AP Latin	LNW XXXX (3 credits awarded)	LNW XXXX (3 credits awarded)	LNW XXXX (3 credits awarded)	General Elective (24 credits required)

AP classes in the 12th grade: Please note a max of 9 credits are awarded from AP classes taken in the 12th grade.

Core courses as general electives: Once a core area has been satisfied for graduation, then any additional credits in that area will be applied to your general elective requirements. For example, you only need 6 credits of History, so if you earn a score of 4 in AP US History and World History 6 credits will be applied to your history requirement and the other 3 credits will be applied towards your general electives requirement. Another example, if you complete College Algebra and Statistics but later pass AP Calculus your AP Calculus credits will be applied towards your general electives.
